What is Model UN?

Soo... what exactly is this??

THE UNITED NATIONS IS...

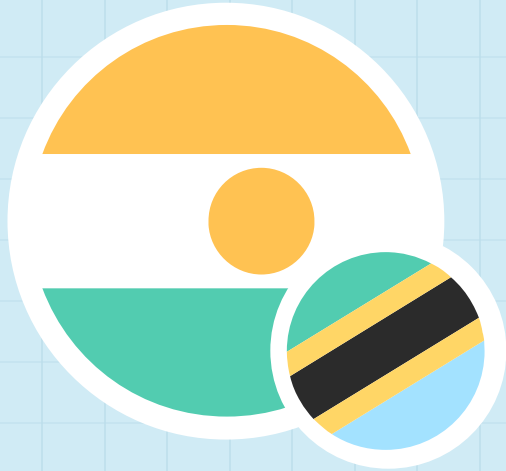

AN INTERNATIONAL ORGANIZATION DEDICATED TO MAINTAINING:

- Global Peace & Security
- Friendly Diplomacy
- International Cooperation
- Coordination to address global issues

You may recognize UN branches like the World Health Organization (WHO) that have specific areas of focus.

MODEL UN IS...

AN EDUCATIONAL SIMULATION OF THE UNITED NATIONS!

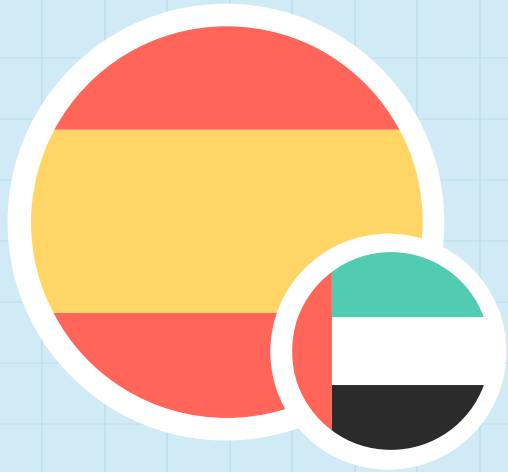

We collaborate to resolve international challenges in the UN through:

- Research
- Debate & Negotiation
- Resolution proposals
- Voting on solutions

...all at conferences with schools across the region, state, nation, and world!

DAWSON MODEL UN IS...

A COMMUNITY SPACE!

Even as we familiarize ourselves with and propose solutions to global challenges, we prioritize:

- **Community:** DHS MUN is a family!
- **Learning:** policies, perspectives, and procedures
- **Growth:** self-improvement >> awards
- **Fun!!** Nuking other countries (not) 😊

Through diplomacy (and maybe nuclear warfare), we hope to build global thinkers.
